Message from the Chief

To Troy City Manager Brian Kischnick:

I am pleased to present the 2014 Troy Police Department Annual Report. Included in this report you will find operational data, crime statistics, and a variety of other information on police activity in 2014.

In 2014, Troy saw a 12.5% decrease in Group A crimes, a 5.1% decrease in Group B crimes, and reductions in nearly every serious crime category. The only notable exception was robbery which rose from six to ten. It is important to note that our five year average in the robbery category is ten.

We have been working diligently to rebuild the Police Department. In 2014, we hired nine Police Officers, two Police Service Aides, and one Records Clerk. In addition, we promoted two Sergeants and two Communications Supervisors. Of our authorized strength of 101 sworn officers, 93 were on board at the end of 2014. I expect to have the department fully staffed by the end of the first quarter of 2015. All new hires and those promoted have been doing a great job and are a valuable addition to our Department.

With the improved staffing, we have been able to work on a number of new initiatives. With a focus on public safety *and* customer service, I am pleased to announce the following:

- ◆ Troy PD continues to be a leader and innovator in the way we approach crime fighting. We now employ a full-time Crime Data Analyst (first in the local area) and a full-time Emergency Management Specialist
- ◆ Troy PD continues to leverage new technological advancements in our daily pursuit to help solve and predict emerging crime trends and patterns
- ◆ Troy PD continues to build new networking connections with assistance in the formation of the Michigan Crime Analyst Association
- ◆ Troy PD continues to utilize citizen volunteers as Citizens on Patrol who act as extra eyes and ears for our patrol officers; we also have internal volunteers who work in our lobby, the Records Section, and the Investigative Section; the total volunteer hours increased from 3,044 in 2013 to 4,477 in 2014, an increase of 47%.

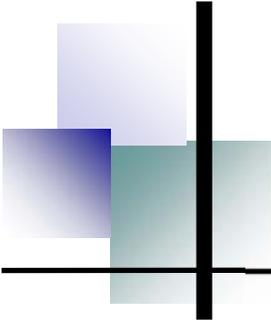

This year's annual report is very different than in years past. Aside from the statistical information, we have also included photographs and audio/video links. This is in an effort to not only provide critical information in an easy to read format, but it also personalizes the people who work so hard in keeping Troy the safest city in Michigan (CQ Press City Crime Rankings).

In closing, I would like to commend all of the hard working men and women of the Troy Police Department. Our Department is still rebuilding but the foundation is set on great people who remain committed to our mission and focused on our vision.

Gary G. Mayer
Chief of Police

Mission, Vision, and Core Values

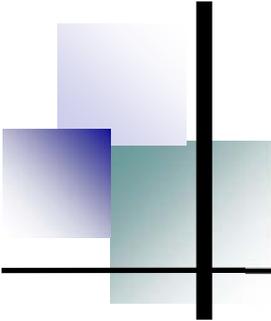

MISSION STATEMENT

It is the mission of the Police Department to enhance the quality of life in our community by protecting life and property, and maintaining the peace through police service.

CORE VALUES

These values reflect the principles, qualities and standards upon which our rules, orders, policies, goals, and operating philosophy are based. Although we may need to balance them, they are non-negotiable and we will never ignore them.

- A. Integrity:** We value ethical conduct, honesty, and truthfulness. We do what is right, pursuant to law and ethical standards, whenever we make decisions, engage in actions, or refrain from taking action.
- B. Respect:** We value human life, safety, and the dignity of people and commit ourselves to treating all people with compassion, respect, and concern.
- C. Laws and the Constitution:** We believe in the principles embodied in the Constitution and recognize the authority of federal, state, and local laws. We respect and protect the rights of all citizens and treat all persons fairly and without favoritism.
- D. Accountability:** We are accountable to each other and to the citizens we serve. Therefore, we will strive to understand community values and expectations, and will communicate responsibly, openly, and honestly among ourselves and with the community.
- E. Problem Solving:** We listen to complaints and the explanation of problems with empathy and sensitivity, and work with citizens to resolve the underlying causes of crime, disorder, and disruptions of the public peace.
- F. Professionalism:** We acknowledge the duties and responsibilities of our chosen profession, we demonstrate the specialized knowledge and skills we possess, and we commit ourselves to fulfilling our duties and responsibilities by utilizing our knowledge and skills in a manner that benefits our community.

History

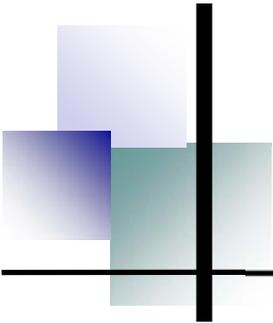

The Troy of the past was a stable farming community with a very low crime rate and very little traffic. Nevertheless, by the 1950's there was a growing desire for the township to have its own police department so that response times would be short when emergencies did occur.

The Troy Police Department traces its history back to the July 1952 hiring of Chief David Gratopp and Patrolman Willard Schwandt who patrolled what was then Troy Township.

In November 1952, the Department added a third officer, Patrolman Eugene Sackner. In 1955, Troy incorporated and the Police Department began to grow, both in size and in scope of operation to meet the needs of the rapidly changing city.

The Troy Police Department is a full service agency of 101 sworn officers and 51 civilian personnel, serving a population of more than 82,000 residents. The Department enjoys an outstanding reputation within the community as well as with other law enforcement agencies.

In Memory

CHARLES E. SMETANA

Officer Charles E. Smetana died on December 11, 1969. He was responding to a personal injury accident when he himself became involved in a crash. Officer Smetana, only 33, gave his life trying to help others in need. His sacrifice will always be remembered.

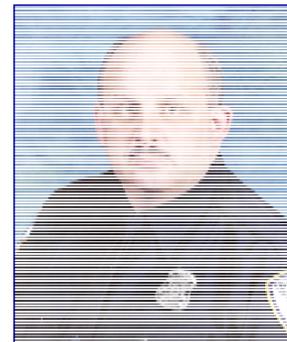

MARTIN D. CHIVAS

Officer Martin “Marty” D. Chivas was killed on April 22, 1974. While investigating a robbery in progress at a service station, he was shot and killed by the burglars. The suspects were prison escapees on a multi-state crime spree. Marty was only 24 years old. Officer Chivas laid down his life for the citizens of Troy. He died in valor and will never be forgotten.

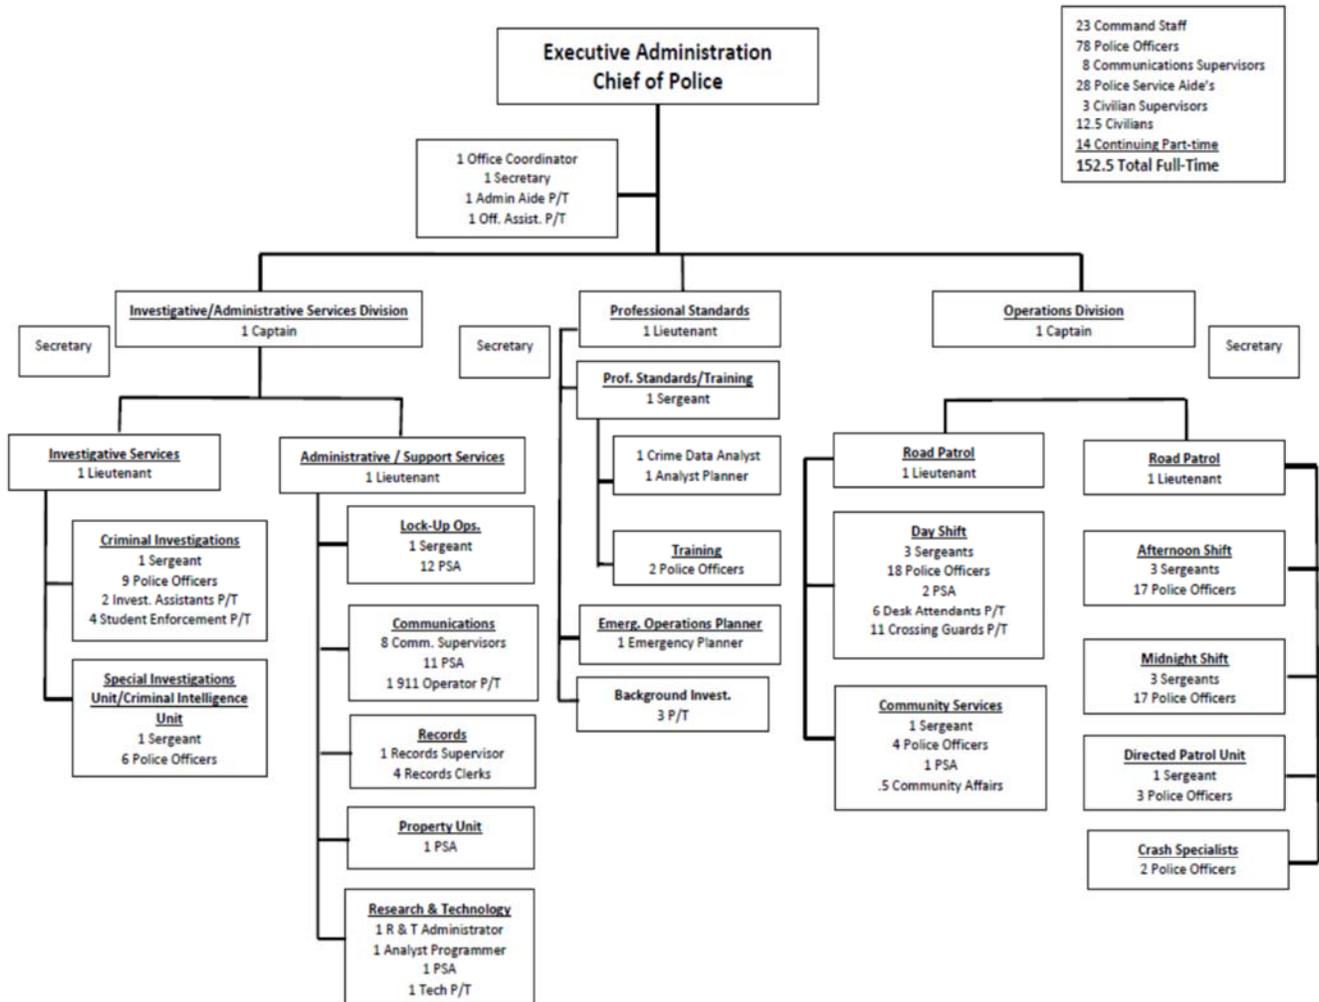

CHARLES T. MULVIHILL

Officer Charles “Chuck” T. Mulvihill died while serving the citizens of Troy on September 11, 2001. He was responding to a call for service when he suffered apparent heart failure. Chuck served the City of Troy for 10 of his 15 years as a police officer and was the President of the Troy Police Officers Association. His popularity and dedication to service will always be remembered.

CARE House of Oakland County

CARE House of Oakland County

- ◆ CARE House provides programs and services and children and families which span a continuum of care
- ◆ All programs and services are provided at no cost to the children and families
- ◆ Their programs have the following five specific focuses:
 - ◆ **ADVOCACY**
 - ◆ The Court-Appointed Special Advocates program provides volunteer advocates for children who have been removed from their homes and are wards of the court due to abuse and neglect
 - ◆ **COMMUNITY OUTREACH**
 - ◆ The Stewards of Children child abuse prevention education teaches adults how to take responsibility for stopping child sexual abuse
 - ◆ **INTERVENTION**
 - ◆ When abuse is suspected, CARE House provides a safe place where a child's voice can be heard; a multi-disciplinary team observes a forensic interview of the child victim
 - ◆ **PREVENTION**
 - ◆ Early Head Start provides in-home family specialists for vulnerable families, from pre-natal support until the child reaches the age of three
 - ◆ **TREATMENT**
 - ◆ Individual therapy, group therapy for teen girls, and weekly family support groups all help to guide child victims and their non-offending family members on the path to healing

Annual Backpack Project

- ◆ Seven years ago, CARE House contacted Troy PD stating that children that they serve often arrive with no possessions, describing a need for backpacks containing personal care items
- ◆ We gladly accepted this project; and it has become an annual effort that is enthusiastically supported by all Troy Police employees
- ◆ We fill 24 backpacks with items such as shampoo, body wash, toothbrush, toothpaste, towel, washcloth, socks, playing cards, puzzle book, small snacks, and a stuffed animal
- ◆ Backpacks are delivered to CARE House in Pontiac; they distribute them to children throughout the year as the need arises

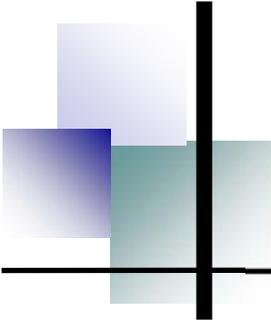

Golf Outing

Charity Golf Event - Giving Back to the Community

- ◆ In August, the Troy Police Department hosted its annual charity golf outing at Sanctuary Lake Golf Club
- ◆ Event included a round of golf, raffle prizes, and dinner
- ◆ With over 80 golfers, 33 sponsors, and assistance from 25 volunteers, the Police Department was able to raise \$13,488.12
- ◆ Proceeds were given to the following organizations that are strongly committed to developing a brighter future for the City of Troy
 - ◆ Troy Police and Fire Benevolent Association
 - ◆ Troy Youth Assistance
 - ◆ Troy Community Coalition
- ◆ We received overwhelming support from our community and extend our gratitude to all participants

Investigative Services Section

Criminal Intelligence Unit (CIU)

- ◆ Acts as a clearing house for information that comes to the Department through a variety of means, including police reports, pawn transactions, intelligence reports generated by other investigators in the metro Detroit area, and the Department's dedicated tip line
- ◆ In 2014, CIU received 176 tips covering misdemeanor larceny to homicide
- ◆ Information is evaluated and disseminated to appropriate work group for follow up and investigation
- ◆ Hosts monthly meeting for investigators and civilian security liaisons for information sharing and crime trend identification; initiates civil forfeiture cases, primarily those related to felony narcotics and identity theft

Significant Criminal Intelligence Unit Case in 2014

On April 7, 2014, a locker larceny occurred at the LA Fitness on Maple Road and credit cards were then used at a camera store in Pontiac. A surveillance camera image of the suspect was obtained and distributed through the intelligence group network. West Bloomfield and Bloomfield Township investigators recognized the suspect as being the someone responsible for similar crimes in their cities. Working with those detectives, it was learned that the suspect was a Florida resident in possession of memberships under false names at four different nationwide fitness clubs. The suspect had been traveling the country for three years, breaking into lockers, stealing credit cards, and fraudulently purchasing jewelry and electronics, with an identified fraud loss of \$480,000. All of the cases were combined and prosecuted federally in the Northern District of California, and the suspect was sentenced to 58 to 64 months in prison.

Michigan Department of Corrections

- ◆ Partnered with MDOC to provide Parole Agent Laura Giovannangeli and Probation Agent Amanda Flint with satellite offices
- ◆ Information sharing has increased, partnerships have been enhanced, and arrests have been made
- ◆ Agents Giovannangeli and Flint assist investigators in identifying suspects, act as liaisons with other agents, and provide avenues for investigators to locate and interview suspects

Investigative Services Section

Special Investigations Unit (SIU)

- ◆ Multi-jurisdictional team staffed by Troy PD, Auburn Hills PD, Birmingham PD, and Bloomfield Township PD
- ◆ Provides covert, alternative approach to criminal investigation and apprehension
- ◆ Primary targets are professional criminals, habitual offenders, and those involved in narcotics trafficking
- ◆ Ability to capture individuals otherwise avoiding apprehension utilizing undercover officers, covert surveillance techniques, and specialized surveillance equipment, utilized to provide intelligence information on suspects of criminal involvement and/or locations believed to be the sites of criminal activity, and to enforce violations for narcotics trafficking as well as vice-related crimes

Significant Special Investigations Unit Cases in 2014

- ◆ In 2014, SIU was involved in arrest of 70 suspects for a variety of crimes including homicides, home invasions, larcenies from automobiles, larcenies in buildings, felony warrants, narcotics, and retail frauds
- ◆ Not only worked with Troy, Auburn Hills, and Bloomfield Township Investigations Sections throughout the year, but with other agencies/task forces including MCAT, SONIC, FBI VCTF, HSI, and DEA
- ◆ Identified and dismantled five marijuana grow operations (four in Troy and one in Mt. Clemens)

- ◆ On duty from 7:00 a.m. until 5:00 p.m. when the City's population, traffic volume, and the number of police-related calls for service are consistently at or near their peak
- ◆ Shift goal is to increase public safety by reducing the number of crimes and crash incidents
- ◆ Shift objective is to use available data and resources to direct shift action in achieving goals
- ◆ Committed to working in partnership with the business community, Troy's school districts, and homeowner's associations; also working with local clubs, groups and affiliations to deter and reduce crime, reduce traffic congestion, and increase the quality of life for those who live, work, and play in Troy

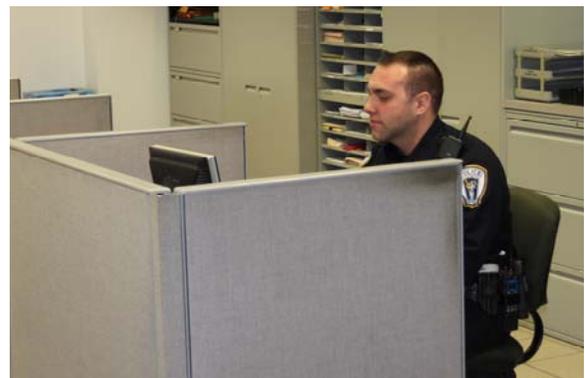

Lieutenant Frank Nastasi

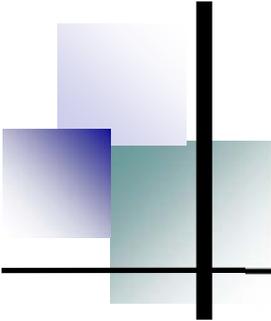

Philosophy

- ◆ Utilize crime-tracking and crime-mapping technologies to identify current crime trends and problem areas that affect the community
- ◆ Incorporate use of saturation patrols and covert patrols to aggressively address crime and crash issues
- ◆ Identify high crash areas and utilize aggressive traffic enforcement to reduce these numbers
- ◆ Active community patrol during unassigned time to detect suspicious persons, suspicious vehicles, conduct field investigations, and make traffic stops and arrests
- ◆ Utilize a community policing/problem solving approach to emphasize quality service while responding to the concerns of citizens and businesses

2014 Statistics

- ◆ Initiated and/or responded to over 27%, or 10,843 of the 40,554 total calls for service 2014
- ◆ Many of these calls for service involved lengthy and complicated investigations and include:

- ◆ Studies indicate city's population swells to over 170,000, increasing the amount of vehicular traffic
- ◆ Overall shift goal is to increase public safety by reducing the number of crime and crash incidents
- ◆ Objective is to use available data and resources to direct shift actions in achieving goals
- ◆ Committed to providing quality service to members of the community; officers performing their duties in a thorough manner, and going the extra step in pursuit of achieving the goal

Lieutenant Russel Harden

Philosophy

- ◆ Identify crime trends and problem areas affecting the community as well as the surrounding area, and develop strategies to mitigate these concerns
- ◆ Incorporate the use of saturation patrols and covert patrols to aggressively address crime and crash issues
- ◆ Identify high crash intersections/areas and use aggressive traffic enforcement and OWI arrests in an effort to reduce these numbers
- ◆ Active patrol during unassigned time to detect suspicious persons, suspicious vehicles, conduct field investigations, and make traffic stops and arrests
- ◆ Utilize a community policing/problem solving approach to emphasize quality service while responding to the concerns of citizens and businesses

2014 Statistics

Chaplain Program

In Memory

- ◆ Chaplain Paul Stover passed away on October 9, 2014. He had been both a Chaplain and a dear friend to many at Troy PD. He will be missed by all.
- ◆ Chief Mayer spoke at Chaplain Stover's funeral. In recognition of his service to the men and women of Troy PD, those words are reprinted here.

I first met Paul during the Chaplain background process in 2000. He was one of our first chaplains and was certainly the most involved. Paul received a Community Service Award in 2006 for his work at our Youth Hockey Clinic where we combined fun with drug and safety education. He received the Chief's Award for Outstanding Accomplishment in 2011 for his dedication to our chaplain program.

But what was not in Chaplain Stover's file was mention of the countless people that he influenced during his time with Troy PD. Paul had a calming effect that he carried as he would walk about when he would visit work stations, roll calls, and trainings. He would appear in my office door and ask if I was OK. He knew to be around during the hectic times just to be a sounding board.

I remember replying once, when he asked how I was "Just pray for me". He replied "I do". He prayed for all of us. He knew when an officer needed a listening ear and would offer it. Several times over the years, I came across Chaplain Stover meeting an officer for lunch or coffee.

Paul attended countless calls to assist us with death notifications or to be with families that suffered tragedy. One such family wrote in July of 2006 to express their thanks for Paul's respect, sensitivity, and compassion during their grieving over the sudden death of a loved one. I have spoken with several officers and communications staff that remember Chaplain Stover answering the call to come in without complaint.

Paul never complained – he would discuss his trials but would not complain. He reached all of us with his words of encouragement in the "Chaplain's Corner".

In preparing for today, I reviewed some of Paul's writings and I would like to conclude with his words from May 27, 2014.

So I would say to you that even though we do not understand many times what people do or why they do things or how creation works, at least we can take comfort that the Lord looks down and watches over us.... He even "walks through the valley of death with us." So friends, when we look at creation what do we see and what is it saying to our hearts? My prayer is, "fear not, for I am with you."

May God's holy peace and abiding presence be with us this day. May God's peace be yours.

Operations Division

Directed Patrol Unit (DPU)

- ◆ Staffed by one sergeant and five officers; may work in plain clothes or in uniform depending on nature of the detail

Operations Division

Motor Carrier Officers

- ◆ Troy spends over \$8,000,000 each year to repair and maintain our roads
- ◆ Studies show that 99% of that damage is caused by commercial motor vehicles, with overweight commercial motor vehicles being the major contributor
- ◆ Significant percentages of commercial motor vehicles are not maintained as required by law or driven by properly trained and licensed operators
- ◆ Troy PD has two highly trained, skilled, and motivated motor carrier officers (37 officers statewide)
- ◆ In 2014, 253 commercial motor vehicle citations were issued
- ◆ Majority of violations were for trucks being overweight, having unstable loads, possessing defective vehicle equipment, or being driven by inadequately trained and licensed operators
- ◆ Most violations were issued during the reduced-load frost law season when much of the road damage occurs

Operations Division

South Oakland County Crash Investigation Team (SOCCIT)

- ◆ Utilizes the principles of effective traffic incident management to thoroughly investigate critical injury and fatal traffic crashes
- ◆ Interdepartmental sharing of resources from Bloomfield Township PD, Auburn Hills PD, and Troy PD
- ◆ Goals and objectives:
 - ◆ Reduce overtime and maximize the use of on-duty personnel
 - ◆ Minimize the time roads are closed following a serious crash

Statistics

- ◆ SOCCIT was activated 15 times in 2014; six of those incidents occurred in Troy
- ◆ Since its inception in November 2010, SOCCIT has handled 57 critical injury and/or fatal crash investigations
